

Panel Management

Promethean Panel Management saves time, money, and effort for school technology administrators by providing them with the ability to centrally and remotely manage all ActivPanel Elements series interactive displays within their organization. Administrators can ensure that ActivPanel Elements series panels are more secure, and teachers have access to the latest Promethean firmware, software, and Classroom Essential apps.

Save Time and Resources for Technology Administrators

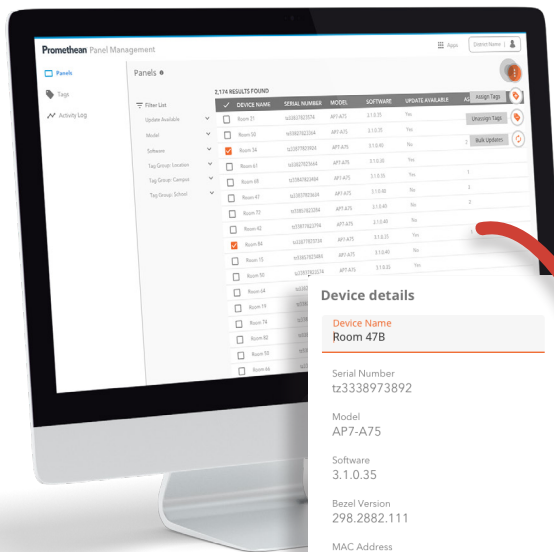

Enroll Panels and Manage Users

Download the myPromethean mobile companion app to easily enroll, name, and tag new ActivPanels. The myPromethean cloud-based portal provides administrators with a convenient dashboard that can be used to add new users and set permissions for panel administrators and teachers.

myPromethean

Easily View Device Details

The myPromethean portal allows administrators to view all ActivPanel Elements series displays that are enrolled throughout the organization, including individual panel models and software versions. Filter by location, model, software version, or custom-created tags that let administrators efficiently manage their organization.

Update panel

Update to newest software version: 3.1.0.40

CANCEL

DELAYED UPDATE

UPDATE NOW

Note: "Delayed Update" will update when the panel next enters standby mode after 7PM.

Apply Updates and Enhance Security

Organization or panel administrators can quickly and easily deploy over-the-air updates remotely through the myPromethean portal when new Promethean firmware, software, and app features become available for the ActivPanel Elements series. Updates can be applied when they become available or at a time that is convenient to the administrator.
