For renewing existing Airtame Core for Education licenses.	For renewing existing Airtame Hybrid licenses.

Important Ordering Information

- **Delivery Email:** Always include a delivery email in the Purchase Order (PO). This is where the license key will be sent.
- **Education SKUs:** Use AT-CORE-EDU-1Y and AT-CORE-EDU-1Y-RENEWAL only for education accounts. These SKUs will not work for non-education accounts.
- **Renewal Orders:** Ensure renewal orders use the correct renewal SKU. Incorrect SKUs will result in unsuccessful renewals and loss of functionality.
- **Renewing Multiple Years:** To renew for multiple years, order the corresponding number of 1-year renewal SKUs. For example, to renew 7 devices for 2 years, order 14x AT-CORE-1Y-RENEWAL.

How Airtame Licenses Work

- **1 License = 1 Airtame Device:** Each license is tied to one Airtame device.
- **License Activation:** Ordered licenses are delivered as license keys, which must be entered in the Airtame Cloud account.
- **Hardware Includes Licenses:** Airtame hardware automatically includes a license upon first setup in the Airtame Cloud account.
- **Virtual Airtame:** Always requires a license for the Virtual Airtame software to work.
